

CENTURION®

CUSTOM STERILE

On/Off Kits

FOR DIALYSIS PROCEDURES

Centurion Medical Products offers uniquely packaged On/Off kits specifically designed for both starting and removing patients from dialysis procedures. Two separate sterile kits are attached by perforations, so each kit opens separately, maintaining sterile contents.

Ask us about custom kit components!

Several kit components available, including:

Centurion® SorbaView® Window Dressing • Centurion® Island Dressing

Needles • Syringes • Drapes • Prep pads • Gauze • Masks • Non-vented plugs

Patent Pending
