

CENTURION®

Tracheostomy Care Kits

Include everything necessary to maintain tracheostomy site to prevent infection

- Custom kits designed for quick dressing changes, minimizing patient discomfort and distress
- Pre-cut, non-adherent dressings are easy to apply and remove, reducing risk of trauma to sensitive tissue
- Highly absorbent dressings prevent skin maceration by managing fluid build-up
- Pre-looped twill tape ties simplify procedure
- Trays available with removable compartments
- Latex-free gloves available
